Sub: Regarding making Personal Protective Equipment (PPE) Kit available to the State to check the spread of COVID-19.

Ref.: Department of Health, Bihar letter No. 9532 Dt. 21.03.2020

Dear Sir,

With reference to the subject and the letter referred, we had requested to make some medical commodities/substances like protective masks (2-ply and 3-ply surgical masks, N95 masks), Infrared Thermometer, Hand sanitizers, VTM and Thermal Scanners available to the State for use in healthcare facilities and also for the public.

It would be very kind of you if Personal Protective Equipment (PPE) Kit- 1,00,000 (One Lakh) kits could also be made available to the State at the earliest in order to address the challenges of outbreak of Novel Corona Virus Disease (COVID-19). The State of Bihar is finding it extremely difficult to procure this from open market at this time of emergency like situation.

With regards.

Yours Sincerely

(Manoj Kumar)
