

Guidelines for notifying COVID-19 affected persons
by Private Institutions

In the wake of the prevailing COVID-19 situation and in order to strengthen the containment measures, it is of utmost importance that each and every case (suspects/confirmed) of COVID-19 is isolated and provided appropriate treatment and their contacts are traced at the earliest to break the chain of transmission. It is important that support and cooperation of private sector is enlisted, in this regard.

Therefore, it shall be mandatory for all hospitals (Government and Private), Medical officers in Government health institutions and registered Private Medical Practitioners including AYUSH Practitioners, to notify such person(s) with COVID-19 affected person (as defined in the attached annexure) to concerned district surveillance unit. All practitioners shall also get the self-declaration forms (enclosed), who, within their knowledge, are having travel history of COVID-19 affected countries as per the extant guidelines and are falling under the case definition of COVID-19 (Suspect/Case)

In case the person has any such history in the last 14 days and is symptomatic as per case definition of COVID-19, the person must be isolated in the hospital and will be tested for COVID-19 as per protocol.

Information of all such cases should be given to the State helpline number (list enclosed) and also to national helpline 1075. Email may also be sent at ncov2019@gov.in.
