Background:-

Bihar Medical Services and Infrastructure Corporation Limited (under the aegis of the Department of Health, Govt.of Bihar) are responsible for the procurement of Quality drugs. To ascertain the quality of drugs BMSICL has decided to carry out the testing of each and every batch of drugs from an independent Laboratory. So for the Empanelment of independent NABL accredited drug testing laboratory, Expression of interest was invited at SHS website on 16 Dec 2011.Eight such laboratories submitted their EOI. All the EOI of eight drug testing laboratories were opened by committee member on 30 Jan 2012.Meeting regarding technical evaluation of technical comparative chart was conducted on 04 April 2012.

In the Meeting, the committee has taken the following decisions:

1. By going through the technical evaluation chart, the members of the committee found that Delhi test house laboratory is having licence no.NW (002)/11/Lab which is issued on is 18 Apr 2011.Thus this lab do not fulfil the criteria of minimum three years old approval licence of the laboratory as mentioned in 3rd point of s.no.3 (Terms of Reference) page no.21 and 3rd point of s.no.5 (Submission requirements) page no.20 of EOI .Therefore the members of the committee unanimously decided that Delhi test house stands disqualified on above said technical grounds.
2. The members of the committee decided that it would be better to prepare a single technical comparative chart instead of individual technical evaluation chart. Accordingly BMSICL was directed to prepare an integrated technical comparative chart.
3. By going through the technical evaluation chart, the members of the committee found that none of the laboratory has submitted all the required documents as per the terms and conditions of EOI, therefore the committee decided that, in view of the above one more chance may be given to all those bidders who have not submitted the document as per EOI within 15 days of time.
